A Statement from The American Swimming Coaches Association Regarding USA-Swimming's Seven Point Plan to Protect Our Swimmers.

"The ASCA and our 6700 members stand in full support of USA Swimming and its 7 point action plan. There's nothing more important to all of us, than ensuring that the athletes who participate in our sport are safe, secure and healthy.

This is an important moment for the sport of swimming. ASCA's membership is comprised of coaches who share an unwavering commitment to uphold the positive values derived from participation in swimming. We applaud USA Swimming's leadership for its meaningful action, particularly in seeking the expertise of individuals both within our sport and outside. We stand united with them in their efforts to make our great sport even better."

John Leonard

Executive Director, American Swimming Coaches Association.
